

# Rahul Kumar

Buenos Aires  
Argentina

Github: <https://github.com/dlkumaar>

A full-stack software developer with fundamental knowledge of software design and development and testing, and a willingness to learn and master single-page apps.

I am looking forward to working in a collaborative, team focused environment to achieve our common goals, learn and grow together.

Phone: (+54) 9 11 6885 3431

Email: [dl.kumaar@gmail.com](mailto:dl.kumaar@gmail.com)

## EXPERIENCE

### Web Developer, Buenos Aires — *Freelance*

October 2020 - PRESENT

Designed, developed, and deployed many practice projects, including my personal website.

Obtained a fundamental understanding of backend development and worked across the development lifecycle to build and maintain code.
